Workshop on Software Testing

Theme: All Round Testing: State of ART in Software Testing

22nd Feb 2008 (Friday)
(09.00 to 17.30 hrs)

Venue

Days Inn Deccan Plaza
36, Royapettah High Road
Chennai - 600 014.

ABOUT THE WORKSHOP: Software Testing provides a significant opportunity for India. One out of two software test engineers worldwide is actually located in India, spending their time in testing and inventing new ideas to improve the system under test. Over the years, the scope of Software Testing has expanded from purely finding defects manually to a co-ordinated, automated effort in defect prevention and process innovation, harnessing the power of talented and motivated people. This growing importance of Software Testing is reflected in the fact that this has grown to be skill in most demand, with a number of well attended conferences / workshops and certifications to satisfy specific needs of the Testing community.

The one day workshop will provide an unique platform to address the multi-dimensional aspects of Software Testing spanning management commitment, process innovation, advances in technology and Human Resources implications.

The workshop is supported by an advisory committee consisting of : Mr. Srinivasan Desikan, Author, Advisor, Architect and Adjunct Professor in Software Testing; Mr. K.R. Jayakumar, Director, AmitySoft; Ms. Vanaja Arvind, Managing Director, Thinksoft, Mr. V. N. Mahesh, Executive Director, Maveric Systems, Prof . T. V. Gopal, Anna University (Chennai) and Mr. Bipin Mehta, National Student Co-ordinator, CSI.

Mr. Ramesh Gopalswamy, Authour, Consultant and Visiting Professor is the Programme Chairman.

With facilitators drawn from the top notch organizations across the country, the event provides a great opportunity to learn about the State of the Art in Software Testing from these highly successful people and organizations.
